

Overview

The Albutt Waste Bucket and Grab is designed to provide a medium to heavy duty solution for waste handling. The high capacity rams are protected by bolt on covers with high grade pins used throughout. The grab pins and ram seals are also protected by the use of grab stops which prevent over extension of the grab. A heavy duty bucket features a rolled back and large corner gussets.

Features

- Grab pivots bushed with self lubricating bushes
- Hydraulic rams bushed
- Hydraulic ram guards
- Rams and pins protected with grab stops
- Suitable for use with telehandlers
