

Overview

The Albutt F650HX Bale King is the ultimate bale handler for quickly and efficiently moving bales out in the field and stacking them in the shed. For round and square bales, upto 3 x hesston bales and 4 x mini hesston bales can be handled. To resist against tine breakages, the F650HX Bale King utilises Hardox tines. A floating bottom tine bar can be folding in the vertical position for road transport. Available with bolt on brackets to suit your telehandler or loading shovel

Features

- Handle square or round bales
- Suitable for Telehandlers & Loading Shovels
- Hardox tines – longer tine life
- Twin rams
- Flow control valve – synchronized wing movement
- Brackets angled to help loading (brackets extra)
- Handles 3 x Hesston Bales / 4 x Mini Hesston Bales
- Stack round bales in columns or rows
- Stack in field, barn or on a lorry
- Eliminate double handling
- Floating bottom tine bar
- Tine bar folds vertical for road transport
- For machines with a minimum 3500kgs lift capacity
- Tines are released from bale before movement of machine

Models
