

Overview

The Albutt Log Splitter range is made up of 2 products; the 6.6 tonne powered LS660 and its bigger brother, the 10 tonne powered LS1000. Both have a hardened splitting wedge, anti burst lagging to hoses, auto ram return and a non slip splitting table. Suitable for cat 1, 2, or 3 mounting, the Albutt Log Splitter range is a simple, cost effective and portable way of splitting logs.

Features

- 6.6tonne and 10 tonne splitting power models
- Harden splitting wedge
- Anti burst lagging to hoses
- CAT 1, 2, or 3 point link mounting
- Auto ram return
