

Overview

The Albutt Tipping Skips provide a simple form of mobile storage. Ideal for use in factories, sites and facilities that require portable storage. The skip mounts on forklift pallet fork tines. Can be accessed from 4 sides. The tipping mechanism is controlled by the release lever, (lockable). The skip body auto returns to the lock position when empty. Manufactured from 3mm steel for high strength and a long operating life.

Features

- 4 way pallet fork entry
- Manual lever release
- Choice of colours (yellow as standard)
- Auto return to position when emptied
- 3mm steel shell
- Various size options
- Suitable for a variety of industries and sites
- Suitable for a variety of machines
- Can be colour coded to suit various waste types
